

IT IS ELECTION SEASON!

It is that time again - election season is upon us. Not the national elections but the important one, the election for East Berlin Historical Preservation Society Board Members and Officers. Our historical society has weathered a tough year and it is very important that we carefully choose who will lead us in the future, especially since the challenges remain. This election cycle we will be voting for the following vacancies: President, Vice President, Secretary and two vacant Board positions. It is important that these people know they have the support of the general membership as they move the society forward and the best way to demonstrate that is to come to our November 14th general meeting at 7:30 pm and VOTE. You can also make your mark on the future by sharing your thoughts about the direction we should be going in with those seeking to lead us! You can then stay to enjoy an entertaining program, socialize with friends and partake of the refreshments provided by our talented volunteers. Again, I urge you to join me on November 14th and vote; it is your civic duty (sort of) and demonstrates your support for preserving the past for future generations.

Michael J. Hrinyak, President
