

WHAT'S IN YOUR BACKYARD?

The July 17 General Meeting features the Lost Boys Recovery team of Andy Snell and Nate Keister, metal detecting hobbyists. The two partners will present a program designed to give the audience an overview of their business. The program will cover topics such as: business beginnings, research, property owner permissions, the digging process, and code of ethics. Andy and Nate will have their metal detecting equipment and many examples of local finds on display.

Society members are welcome to contribute their backyard finds to the presentation. Everyone is invited to attend this presentation at the East Berlin Historical Preservation Society headquarters, Red Men's Hall, 332 West King St. East Berlin, PA. on **Wednesday, July 17 at 7:30p.m.**
